Supplement to the Journal of the Department of Agriculture of Western Australia.

MARCH, 1927.

INDEX Vol. 3, 1926.

SUBJECT INDEX.

A.

	Page
The Australian Merino has not deteriorated	237
Apple of Sodom (illus.)	176
Apple Scald	482
Aphelinus Mali (illus.)	486
Agricultural Education :—	
Crop Competitions—Championship	53
Do. District	25, 27, 29, 32, 33, 35, 36, 38, 39, 41, 43, 45, 47, 48
Experiments—Chapman Experiment Farm	202
Do. Merredin Experiment Farm	204
Do. Wongan Hills Light Lands Farm	92
Fallow Competitions	194
Farmers Field Trials	272, 569
Fertiliser Experiments with Potatoes	276
Farmers Trials—Objects and Conditions of	267
Silage—Ensilage and Silos	467
Wheat Yields Competitions	226

B.

Black Spot or Bottom End Rot of Tomatoes (illus.)	21
Boring for Potable Water in the Wheat Belt Areas	23
Baandee Agricultural Society	45
Bruce Rock Agricultural Society	39, 196
Bulls and Butter (illus.)	143
Black Spot or Anthracnose of Vine (illus.)	178
Branding of Stock (illus.)	212
Broom Millet—Possibilities in the South-West (illus.)	442, 475
Berseem or Egyptian Clover (illus.)	542
Black Medic or English Trefoil (illus.)	570
Bread Making	572

C.

Championship Crop Competitions of the Royal Agricultural Society	53
Common Ailments of Stock and their treatment	160
Crinkle of Japanese Plums (illus.)	175
Cape Tulip (*Homeria Collina var Miniata*) (illus.)	240
Copper Powders for the Prevention of Ball Smut in Wheat	246
Cooking of Meats	282

INDEX—*continued.*

Page

Citrus Pit (illus.) 378
Concerning Foxes 417
Champion Butter Producer (illus.) 433
Cabbage Production on Virgin Bulrush Peat Swamps (illus.) 439
Cape Weed (illus.) 480
Cotton (illus.) 501
Codlin Moth (illus.) 531
Clearing Light Lands and Scrub Rolling (illus.) 544

Cattle :—
- Bulls and Butter 143
- Branding of Stock 212
- Dairy Cattle Improvement 535
- Daliack Lick Trough 567
- Herd Testing 264, 422
- Do. Profit over cost of feeding 346
- Milk and Cream 96
- Common Ailments of Stock 160

Competitions :—
- Championship Crop 53
- District Crop 25, 27, 29, 32, 33, 35, 36, 38, 39, 41, 43, 45, 47, 48
- Wheat Yield 226

D.

District Crop Competitions (illus.) ... 25, 27, 29, 32, 33, 35, 36, 38, 39, 41, 43, 45, 47, 48
Dalwallinu Agricultural Society (illus.) 29
Doodlakine and Baandee Society 45
Dowerin Agricultural Society (illus.) 32, 33
Dairy Cattle Improvement (illus.) 535
Daliack Lick Trough (illus.) 567

Dairying :—
- *See* Cattle.

Diseases :—
- Apple Scald 482
- Black Spot of Tomatoes 21
- Do. or Anthracnose of Vine 178
- Common Ailments of Stock 160
- Crinkle of Japanese Plums 175
- Citrus Pit 378
- Exanthema 59
- Ear Cockle and a Bacterial Disease 508
- Leaf Curl in Peach and Nectarine 472
- San Jose Scale 244, 365

E.

Erratum—Wheat Crop Competition 26
Exanthema—A Die Back of Orange trees (illus.) 59
"Ephos" Phosphate and Superphosphates (illus.) 115
Experiments at the Chapman Experiment Farm 202
Do. do. Merredin Experiment Farm 204
Export of Eggs 495
Establishment of Useful Fodder Plants and elimination of worthless Scrub (illus.) 496
Ear Cockle and a Bacterial Disease (illus.) 508

F.

Field Experiments with Wheat at Merredin Experiment Farm 81
Do. do. do. Chapman Experiment Farm (illus.) ... 86
Do. do. do. Wongan Hills Light Lands Farm (illus.) ... 92

INDEX—*continued.*

	Page
Fruit Fly—Winter Trapping Experiments	105
Do. and its Effective Control	139
Do. destruction by Soil Insecticide (illus.)	183
Do. Winter	184
Do. (illus.)	513
Fallow Competitions (illus.)	194
Farmers Field Trials (illus.)	272, 569
Fertiliser Experiments, with Potatoes at Young's Siding	276
Fruit Export from Western Australia—Season, 1926	233
F.A.Q. and other Commercial Standards for trading in Australian Wheat	299
Foxes—Concernng	417
Footstool of old Jam tins (illus.)	454
Fulghum Oats (illus.)	541
Fertilisers—	
"Ephos" Phosphate and Superphosphates	115
Phosphatic Fertilisers as Manures for Grass Lands	106, 259
How Phosphatic Manures improve condition of Fodder	185
Top Dressing Experiment at Denmark Stud Farm	12

G.

Green Tomato Bugs (illus.)	68
Garden :—	
Cabbage Production on Virgin Bulrush Peat Swamps	439
Fertiliser Experiments with Potatoes	276
Humus	112
Potato Chips	254, 426, 488
Sowing of Small Seeds	330

H.

Horticultural Notes	102, 269, 447, 516
Humus	112
Herd Testing—Results of Official	264, 422
Do. Profit over Cost of Feeding (illus.)	346
Home Tanning of Sheep and other Skins (illus.)	359
Household Science :—	
Bread Making	572
Cooking of Meats	282
Footstool of Jam Tins	454
Jam and Jelly making	63
Mattress making	452
Rural Science Course	7
Soup making	448

I.

Irrigation—Part I. (illus.)	392
Do. Part II. (illus.)	550
Insects :—	
Aphelinus Mali	486
Codlin Moth	531
Fruit Fly	105, 139, 183, 184, 513
Green Tomato Bug	68
Locusts	22
Orange Rust Mite	262
Trapping of Blowflies	382

J.

Jam and Jelly Making	63

INDEX—*continued.*

K.

	Page
Kikuyu Grass	17, 345
Kulin Agricultural Society	49
Kaffir Corn (illus.)	232

L.

Locusts	22
Lotus Major (illus.)	67
Live Stock and Meat Return	125, 286, 458, 577
Leaf Curl of Peach and Nectarine (illus.)	472

M.

Mating the Flock	111
Milk and Cream	96
Market Report	126, 287, 457, 577
Meteorological Return	127, 289, 455, 579
Mt. Marshall Agricultural Society	35, 36
Do. do. do. (illus.)	196
Merredin Agricultural Society	43
Milk Thistle (illus.)	338
Mattress Making (illus.)	452

N.

New Poison Plant (*Gastrolobium Densifolium*) (illus.)	121, 484
Nungarin Agricultural Society (illus.)	35, 36, 196
Narrow-leaved Clover (illus.)	420
Notes on the Pastoral Industry	507

O.

Oat Container (illus.)	18
Oat Variety Trials (illus.)	272
Orange Rust Mite (illus.)	262
Objects and Conditions of Farmers' Trials	267

P.

Poultry Notes	76, 257
Do. and Experiment in Egg Production	415
Phosphatic Fertilisers as Manures for Grass Lands (illus.)	106, 259
Pastures—How Phosphatic Manures improve Composition of Fodder (illus.)	185
Potato Chips (illus.)	254, 426, 488
Perennial Veldt Grass (illus.)	372
Preparing Sheep Skins for Market (illus.)	436
Poultry Housing (illus.)	521
Physical Condition of Soil	547
Pastures :—	
Berseem or Egyptian Clover	542
Black Medic or English Trefoil	570
Cape Weed	480
Establishment of Useful Fodder Plants	496
Grass Lands—Phosphatic Fertilisers as Manure	106, 259
Fodder Condition—Improved by Phosphatic Manures	185
Top Dressing Experiment	12
Kikuyu Grass	17, 345

INDEX—*continued.*

Pastures—*continued.* Page

Narrow Leaved Clover 420
Woolly Clover 158
Perennial Veldt Grass 372
Annual Veldt Grasses 373

Poison Plants :—

Apple of Sodom 176
Cape Tulip 240
New Poison Plant (*Gastrolobium Densifolium*) 121
Stagger Weed 343

Q.

Queensland State Cannery 374

R.

Rural Science Course (illus.) 7
Return of Wheat Prices, C.I.F. and E., London 124, 285, 456, 576
Robinson Cup and Fallow and Crop Competition 41
Royal Agricultural Society (illus.) 27, 48, 51
Do. do. do. 47
Root Rot of Fruit Trees (illus.) 429
Returns :—
Live Stock and Meat 125, 286, 458, 577
Meteorological 127, 289, 455, 579
Market Reports 126, 287, 457, 577
Wheat Prices 124, 285, 456, 576

S.

Sheep Breeding a National Industry 78
Star Thistle (illus.) 109
Strawberry Clover (illus.) 155
San Jose Scale ... ... 244 (illus.), 365
Scientific Aspect of the Pastoral Industry 335
Sowing of Small Seeds (illus.)... 330
Silage at Cuttening (illus.) 340
Stagger Weed (illus.) 343
Soil—Its Origin and Formation 362
Soup Making 448
Silage, Ensilage and Silos (illus.) 467
Spotted Thistle (illus.) 519
Sheep :—
The Australian Merino 237
Home Tanning of Skins 359
Mating the Flock 111
Notes on the Pastoral Industry 507
Preparing Skins for Market 436

T.

Top Dressing Experiment at Denmark Stud Farm (illus.) 12
Tests to determine the presence of Arsenic in Apples after Treatment with Arsenical Sprays 221
Trapping of Blowflies (illus.) 382

V.

Viticultural Notes 122
Do. 447
Veterinary :—
See Common Ailment of Stock and their Treatment 160–174

INDEX—*continued.*
